SEASON'S GREETINGS

The Committee of the Recreation Association wish all our readers a very Happy Christmas and send you our very best wishes for 2010

Mind you as editor and committee member I'm not sure if we have any readers since the 170 letters we delivered in September asking for your comments on what the Association does only generated two replies.

Now there are a number of conclusions that I can draw from that fact.

1. You didn't have time to reply but are happy with what we do for the village.
2. You are not happy with what we do for the village but didn't have time to tell us
3. The dog ate the Chairman's letter before you had time to reply!

(You can still read it and reply through our web pages)

The Committee has decided to believe that answer number one is nearest the truth on the principle that no news is good news (well we would wouldn't we?) so our resolution for 2010 is that we will go on doing what we can, maintaining and improving the field and the equipment and holding those events which you always had your valued support like the Duck Race and Sports Day. And of course your participation in the "100 club" is crucial to our funding and very much appreciated. (our thanks to Richard Sherras who manages the Club for us) Phone Richard on 445429 if you are not a member and want to join.

Which means that, in this issue, there are only two special events to bring to your attention, and details of that are printed over page

WELCOME

However I can't let the opportunity pass by without welcoming our new Hosts at the Black Bull Country Inn, Katherine Lachance and Steve Hodgson. If you attended the preview on Friday last you surely cannot fail to have been impressed with all the investment of all kinds that has gone into the make over of our Local. Our wish for Katherine and Steve for 2010, 2011, 2012.... Is that they will be happy and successful in their venture. I'll not say any more. Visit and see for yourself! Or check out their web pages. Fascinating!
